

Freedom's View

A Commentary on Government from Atop the Capitol
Vol. 1 "All the alternative facts you need to know" No. 1

THERE'S A NEW CIRCUS IN TOWN

Trump Sworn in as Ringling Bros. Elephants Leave for Florida Retirement

January 20, 2017

WASHINGTON, DC ~ Donald J. Trump was sworn in today as the nation's 45th President and 1st *Puer-in-principibus-aeternus* (Eternal young boy forever). Modestly saying that he would be in office only eight years, the new President assured the nation that beginning "right here, right now," the nation was already becoming great again simply because *he* was the new President. In an aside heard only by this reporter from her perch atop the Capitol dome (*see masthead*), Mr. Trump said that he was also making America great by providing the nation with "the foxiest First Lady *ever*." Turning to First Lady Melania, he added, "and Ivanka is here to make it great also. I swear if she weren't my own daughter, I'd be grabbing her pussy rather than yours!" Speaking to the comparatively sparse crowd, which he claimed numbered in the millions, he touted his prowess as a developer. He assured the nation he would "get a great deal on land to build camps, beautiful camps, for the internment of Muslims." In an unexpectedly gracious nod toward Islamic tradition (which mandates prayer five times daily while bowing facing Mecca on prayer rugs), he said that prior

to the camps being built, all Muslims will be provided, "*at no expense to themselves*" small prayer rugs woven from extra-long, orange-dyed mohair. They will be required to wear these on their heads at all time for identification. (Political analysts interpreted this not as graciousness, but another instance of his insistence that everyone else be just like him.) Over the din of the crowds' applause at this announcement, we heard him make yet another aside to Melania. "Hey, if it's good enough for me, it'll be good enough for them. Orange is the new red, white, and blue. It's a fact." Trump's Chief Clarifier, Kelleyanne Conway, would later explain this last comment to the host of *Meat-Axe the Press*. "Yes, Chuck. It's a fact that orange is the new red, white, and blue." When pressed, she smiled coyly into the camera and clarified that they were "alternative facts."

On a more personal note, sources close to former President Obama say that during today's limo ride, Mr. Trump looked up at the top of the Capitol and asked, "Who's *she*? She looks really *hot!*" Mr. Obama replied, "Her name's Armed Freedom, Donald. She's the very last woman you want to grab by the pussy." -- *Armed Freedom*
